Fast Retailing Co., Ltd.*

JWLI Fellows Pitches on Women & Social Entrepreneurship

Come and see the JWLI Fellows pitch! The Fellows will give us first-hand insight into the social issues Japan currently faces, as well as the ways in which their organizations help tackle these challenges. JWLI empowers Japanese women to become leaders and make positive social change in Japan, by providing a month long hands-on leadership development program taking place in Boston. This year's fellows have backgrounds in a variety of fields, ranging from end-of-life care, temple management, to refugee and immigrant empowerment, and will be sharing with us the "action plans" that they will implement when they return to Japan.

Date & Time:

5:15pm to 6:15pm

Thursday, November 2

Location:

Cambridge Innovation Center,
1 Broadway, 5th FL, Cambridge

Register:
